**RE: Letter of Acceptance for Instruction in CompTIA A+ Certification with Four Stipulations**

Hello Delonte Johnson:

Thank you for attending the CSW Weekly Wednesday Orientation and for speaking with the CSW team regarding your professional goals and support needed to reach them. To support your efforts, CSW provides you a Provisional Letter of Acceptance for instruction in the above course. The instructor will provide a course description and link to the course.

Please note the four requirements for course enrollment and make certain that you have met them within two days.

- CSW will make certain that you answered all questions on the CSW Admission Application.
- When your name is submitted for funding, the funder will immediately check the AJC Orientation attendance roster and DC Networks accounts record. Funding requires you to attend the orientation and register with DC Networks.
- When you attend the AJC orientation, request a case manager and proof of attendance number. Keep it!

Failure to meet the above requirements, will undermine obtaining training funds for you and will prevent your participation in an upcoming virtual meeting with potential funders.

If you have any questions or concerns, contact Jeremy Gibson, Patrice Horne or me immediately. Emails are provided above.

Congratulations and welcome to the CSW team.
